

PRODUCT CATALOGUE 2026

Disposable hygiene products for food processing

Single-use PPE and hygiene consumables for food production, processing and packing facilities, supplied from Türkiye to the EU, Middle East and Gulf.

COMPANY AND RANGE

One supplier for the consumables your lines run on every day

Disponord supplies disposable hygiene products designed for HACCP-controlled food environments, from hair and beard covers to shoe covers, sleeves, aprons and coveralls. One supplier and one point of contact for the recurring consumables your production depends on.

Full disposable range

Head, face, foot, arm and body protection from one source, so there are fewer suppliers to manage.

Built for food environments

Products suitable for use in HACCP-controlled food production, processing and packing areas.

Export from Türkiye

Positioned for EU, Middle East and Gulf markets, with delivery planned around your site.

Flexible specifications

Weights, sizes, colours and packaging configured to your requirement on request.

A note on standards. Disponord products are suitable for use in HACCP-controlled food production environments. Technical documentation is available on request. Specifications in this catalogue indicate standard configurations; exact weights, sizes, colours, packaging and minimum order quantities are confirmed per enquiry.

01

Disposable Hair Nets

Lightweight non-woven bouffant caps that keep hair and loose particles out of production zones. A double elastic band holds the cap in place over a full shift, and the breathable fabric stays comfortable on long production runs.

MATERIAL	Non-woven polypropylene (PP), 10 GSM
SIZES	45 × 52 cm · 52 × 52 cm · other sizes on request
CLOSURE	Double elastic band
COLOURS	White · blue · green · yellow · burgundy · red
PACKAGING	100 pcs/bag · 1,000 pcs/big bag · 10,000 pcs/sack; 250 pcs/carton box (subject to MOQ)

Breathable

Colour-coding by zone

TYPICAL USE

Meat & poultry

Dairy

Bakery

Seafood

02

Disposable Beard Covers

Facial-hair containment for bearded operators on production and packing lines. Where a hair net stops at the hairline, the beard cover closes the gap, held against the jaw by a single elastic loop over the ears.

MATERIAL	Non-woven polypropylene (PP), 10 GSM
CLOSURE	Single elastic loop
COLOURS	White · blue
PACKAGING	100 pcs/bag · 1,000 pcs/big bag; carton box option (subject to MOQ)

Breathable

Single-use

TYPICAL USE

Slaughterhouse

Dairy

Beverage

Packing

FACE PROTECTION

03

3-Ply Face Masks

Three-layer masks with a meltblown filter layer for spit-guard and basic particle protection on food handling lines. Soft ear loops and a pleated body make them quick to put on and comfortable for a full shift.

CONSTRUCTION 3-ply, meltblown filter layer

CLOSURE Ear loop

COLOURS White · blue

PACKAGING 50 pcs/box · 50 boxes/carton (2,500 pcs/carton)

Meltblown filter

Ear-loop design

TYPICAL USE

Meat & poultry

Ready meals

Packing halls

BODY PROTECTION

04

Disposable Visitor Gowns

A clean, single-use layer over street clothes for visitors, auditors and contractors entering production areas. Quick to put on, discarded on exit, so outdoor clothing never reaches the floor.

MATERIAL Non-woven polypropylene (PP), 20 / 30 GSM

FEATURES Front closure · elasticated cuffs

COLOURS White · blue

PACKAGING 100 pcs/pack (rolled)

Breathable

Multiple weights

TYPICAL USE

Visitor entry

Audits

Guided tours

QA areas

FOOT PROTECTION · WET ZONES

05

PE Shoe Covers

Waterproof polyethylene overshoes for wet processing and washdown areas where liquids and splashes are constant. The material sheds liquid instead of absorbing it, so wet floors are not tracked into clean zones.

MATERIAL	Polyethylene (PE), 9 micron standard · 18 micron option
CLOSURE	Double elastic
COLOURS	Blue · white · others
PACKAGING	1,000 pcs/vacuum pack · 50 packs/big bag; 100 pcs/carton box (subject to MOQ)

Waterproof

Single-use

TYPICAL USE

Slaughterhouse

Seafood

Dairy

Wet zones

FOOT PROTECTION · WET ZONES

06

Disposable Boot Covers

Full-height polyethylene boot covers for heavy washdown and high-splash environments, where the wet reaches above the ankle and a shoe cover is not enough.

MATERIAL	Polyethylene (PE), 80 micron, waterproof
LENGTH	Approx. 42 cm
COLOURS	Blue
PACKAGING	On request

Waterproof

Full lower-leg coverage

TYPICAL USE

Slaughterhouse

Fish processing

Wet floors

Agri

FOOT PROTECTION · DRY ZONES

07

Non-Woven Shoe Covers

Breathable non-woven overshoes for dry processing, packing and visitor entry. Feet stay cooler and drier over a full shift than under a plastic cover, while the cover still controls what is tracked across the floor.

MATERIAL	Non-woven polypropylene (PP), 20 GSM, approx. 40 cm
COLOURS	Blue · white
PACKAGING	100 pcs/bag · 1,000 pcs/inner bag · 5,000 pcs/big bag

Breathable

Dry-zone use

TYPICAL USE

Dry processing

Packing

Visitor entry

Bakery

ARM PROTECTION · DRY ZONES

08

Non-Woven Sleeve Covers

Breathable non-woven arm covers for dry handling and packing. Ultrasonic seams replace stitching, so there are no needle holes or loose thread ends that could shed into product.

MATERIAL	Non-woven polypropylene (PP), 10 GSM, 40 cm
FEATURES	Ultrasonic seams · elastic cuffs
COLOURS	White · blue
PACKAGING	100 pcs/bag · 1,000 pcs/big bag · 10,000 pcs/big bag

Ultrasonic seams

Packing

Assembly

ARM PROTECTION · WET ZONES

BODY PROTECTION · WET ZONES

09

PE Sleeve Covers

Waterproof polyethylene arm sleeves that close the gap between glove and sleeve. Elastic at both ends, they seal over the glove and keep splash and juice from wicking into clothing.

MATERIAL	Polyethylene (PE), 22 micron, 40 cm
FEATURES	Elasticated both ends
COLOURS	Blue · white
PACKAGING	100 pcs/bag · 1,000 pcs/big bag · 10,000 pcs/big bag

Waterproof

Elastic cuffs

TYPICAL USE

Meat cutting

Seafood

Wet processing

10

Disposable PE Aprons

The workhorse of wet food handling: waterproof bib aprons that repel blood, juice and water. Light enough to wear for a full shift and cheap enough to change the moment they are soiled.

MATERIAL	Polyethylene (PE), 20 micron, waterproof
CUT	Knee-length bib apron, sleeveless
COLOURS	White · blue
PACKAGING	100 pcs/carton; 50 pcs/big pack option

Waterproof
